

Lower Your Water Bills and Conserve Water

Buy A Rain Barrel for Your Home Landscape

The *Green Guides* environmental team at the Woodridge Park District has organized a rain barrel sale to help homeowners conserve water in their home landscape. These 55-gallon recycled food grade plastic rain barrels come equipped with a spigot, garden hose-threaded overflow, a screen in the top to help keep out bugs and debris, and have screw-off lids. Many of these barrels were originally used to import pickles and olives, but they can find new life in your yard!

In partnership with *The Conservation Foundation*, the Woodridge Park District is able to offer these rain barrels at the cost of \$70. Available colors are black, grey and terra cotta. Additional accessories are available for purchase including a wooden stand to elevate the rain barrel off the ground (\$20.00) and also a flexible PVC elbow to attach to your gutter downspout to direct the water into the top of the barrel (\$5.00). A sample rain barrel is on display at the Community Center.

Order Pickup

Cypress Cove Family Aquatic Park, 8301 S. Janes Ave., Woodridge
Saturday, May 22 from 8:00 a.m. to 12:00 p.m.
