

# TOTSCHOOL 2010 - 2011

Your child will love our program, which emphasizes the 'FUN'damentals of learning. Emphasis is placed on the whole development of early childhood learning with focus on cognitive, social-emotional, and physical development. Our curriculum incorporates the kindergarten preparation skills desired by kindergarten teachers of our local school districts. The children will explore everyday subjects through a variety of activities such as math skills, science, reading readiness, shapes, colors, music, art, motor development and free play. Peer group interaction is stressed, as it is essential for children. The Totschool program operates in accordance with most of the School District 68 schedule, and begins in September 2010 and runs through May 2011. For health and sanitary reasons, all participants **MUST BE TOILET TRAINED AND OUT OF DIAPERS AND PULL UPS.**
