15	I think its essential to have a more inclusive design for children of all abilities. Replacing the woodchips with an easier surface for children with difficulty ambulating or with mobility devices is the most basic improvement although more could be implemented.	3/3/2021 10:47 PM

24	Please carefully consider what will be on the ground if things that spin are chosen	3/3/2021 1:12 PM

72	I cant wait for the playground and i think these are amazing suggestions to choosee cant wait	3/3/2021 8:55 AM
73	We would love to see new swings because there aren't any at the other Meadowview park. We would also love to see a gaga ball pit. My boys love gaga ball and it is something a group of kids could play together. It is also something different and unique from the other Woodridge Parks. I hope it gets votes because a lot of people might not know what it is.	3/3/2021 8:53 AM
74	All of these look really good but i'm not too sure about the monkey bars, because some people (like me) don't know how to do the monkey bars and I feel like that might be a waste of space. But thank you for making a change. I have not been to Meadowview for 15 years but I have been for 4 and a half, and the playground got kind of boring because it was all of the same things. So thank you!	3/3/2021 8:52 AM
75	IDK	3/3/2021 8:46 AM
76	I really love the net on the park already. I love Gaga Ball, but my concern with that is that it might be chaotic and not used properly and then i might not even get a turn to play a proper round. I also love monkey bars, being a gymnast, swinging on bars is fun to me. I think the saucer swing would be great too because I have one at my house and me and my sisters always have a lot of fun pushing each other back and forth, higher and higher!	3/3/2021 8:45 AM
77	Please add a lot of swings if you are going to add them.	3/3/2021 8:44 AM
78	I will be going to middle school next year but all these options look really fun the students of meadowview.	3/3/2021 8:39 AM
79	all these playground things are cool	3/3/2021 8:37 AM
80	Please consider what children of special needs would benefit from! They love climbing on the climber we currently have and the seesaw because it is simple to sit on and interact with.	3/3/2021 8:32 AM
81	Please take into consideration that we also want a playground for the older kids (the other playground seems to be more for the younger ones).	3/3/2021 8:23 AM
82	I did not choose slides or swings. They should be at every park. I took this as a chance to vote for add-ons.	3/3/2021 8:21 AM
83	can you please put in a rock climbing wall please or a climby spider web	3/3/2021 8:19 AM
84	Overhead climbers that we currently have lead to lots of broken arms, so it would be nice to exclude that option.	3/3/2021 7:54 AM
